## COMMENT SECTION

Use this section to describe any noteworthy occurrence you observed while you were present at any of the polling places. Identify polling place by precinct number.

Early Voting in Hidalgo County allowed voters to vote at any location.  
See attached COMMENTS/OBSERVATIONS.

Provide County Central Counting Station irregularities if you were there at the end of election night for ballot delivery and counting.

**OBSERVATIONS****Polling Place Accessibilities -**

3

Location	ADA Van Accessible	# Curbside Voting Parking Places	Location	ADA Van Accessible	# Curbside Voting Parking Places
Weslaco	2	8	San Juan	1*	3
Elsa	1	6	JPS/Kelly, Pharr	3	5
Edcouch	1	6	DRC, Pharr	3	5
San Carlos	1	2	Mercedes	2	5
Alamo	2	6			

\* San Juan - One ADA accessible, not van accessible. Gore area to the left of the parking space could allow for van to park there and unload in the disabled parking space.

8 - Mercedes - has a metal plate at the base of the ramp - Mostly flush on the east edge, with a slight lip (~1/8" or more on the west side).

**Paperwork -**

16. One location advised that the Elections Department sent out ballots to all residents 65 and above – completed ballots must be received no later than 11/3/2020.
19. Five locations advised no ballots were to be posted, due to the sheer number of ballots. The ~1-inch stack was available to view on a table, and voters were advised the information was available online. Four locations posted local ballots for their precincts, and the rest were availability to view on a table or online.

**Polling Place Procedures –**

23. Mixture of name tags/badges were used – a few folks were unidentified (e.g. without a tag/badge, and most without their position identified). Several judges indicated there were insufficient tags included with the supplies to identify each election worker. By the time this inspector left each location, election workers were identified with name/position.
29. Checked with the Elections Office and followed their instructions.
30. All EV locations were accepting all precincts. Checked with the Elections Office and followed their instructions.
36. Discovered some interesting methods used to allow those voters in line to vote. Alamo used a “ticket system” and Pharr collected ID’s from those in line at 7 p.m.

**Electronic Voting Systems -**

38. Locks and numbered seals on all units. Per election worker, Sheriff or Officer needs to be present to unlock.

40. Few locations reported some minor DRE issues (e.g., freezing up), handled quickly by the Elections Office.

41. Walk Away without “CAST”-ing the final vote -

Location	Occurrence Happened	Resolution	Location	Occurrence Happened	Resolution
Weslaco	Y	Spoiled	San Juan	Y	Spoiled
Elsa	None (N/A)	N/A	JPS/Kelly, Pharr	Y	Spoiled
Edcouch	None (N/A)	N/A	DRC, Pharr	None (N/A)	N/A
San Carlos	Y	Cast	Mercedes	Y	1-Cast/1-Spoiled
Alamo	Y	1-Cast/1-Spoiled			

**Assistance to Voter –**

42. When assisted by election officials, not all locations used two officials to perform assistance to the voter. Some election officials attributed this to a lack of personnel, some were unaware.

51. Oath of interpreter taken at the beginning of the day by the election officials.

**Provisional Voting –**

One location indicated that every call to the Election Office resulted in a regular ballot – believed they did not want provisional ballots as they wanted every vote to count.

52. Reasonable Impediment forms used. One location advised they were told to cast a regular ballot - used provisional if not in the system. One location advised that the Elections Office was contacted, and they followed their instructions.

53. Elections Office was called when needed/election workers followed instructions provided.

**General Questions –**

62. \*Report of a poll monitor outside the polling location during the day.

**Comment Section –**

Jose Pepe Salinas, Pharr – New crew was at this location, and the Precinct Judge indicated “all were doing a great job!”

*NOTE: Several precinct judges advised that they had excellent teams and the locations had minimal issues throughout day. Good team work!*

VFW, Elsa – One request to video for hard of hearing/interpreter/ASL – Precinct Judge contacted the election office, spoke with the ADA group, and they made arrangement to assist this requestor.

All locations had masks, 6' marks, and sanitizer. Observed CDC guidelines. One location had a voter come in without a mask/face covering. The Precinct Judge offered the voter a mask; the voter donned the mask and voted. No issues were made regarding the no mask/mask issues during my presence at any location.

One location was provided a city scanner for temperature scans for everyone and auto-dispensing gel sanitizer – this location was attached to the police, fire, and municipal courts. All other locations scanned temperature only on poll workers. All locations used gel sanitizer.

Last stop of the day – Mercedes –

Had 1 vehicle curbside – reported all positive COVID (~6:15 p.m.). Team double masked, face shield, gloved. Handled the customer's voting needs. While outside and post voting, curbside team physically sprayed alcohol solution on clothing and exposed surface/skin. All items used (keys, DRE's, pens, clipboards, etc.) were placed in an isolated area and were treated with disinfectant wipes, alcohol spray, and other sanitizer available in the polling location. CDC guidelines were followed. Good team work!

Respectfully submitted,

*Teresa Muehlberger-McMillian*
